The Beacon of electronics

SINCE : 2012

Training & Development - Engineering Project Support
Internship Programme Engineering Services
PCB Designing & Manufacturing

CERTIFICATE OF INTERNSHIP

This is to certify that **WAJITH.B** of THIRD YEAR B.TECH ECE in SRM INSTITUTE OF SCIENCE AND TECHNOLOGY has successfully completed an Internship at **E ZONE** for **EMBEDDED SYSTEMS** from SEPTEMBER 27 2024 **to** OCTOBER 11 2024.

During this period, **WAJITH.B** worked on various tasks related to Embedded systems, including but not limited to:

- ✓ Introduction to C Programming Basics
- ✓ Understanding Arduino Microcontrollers and Hardware
- ✓ Embedded Systems Concepts and Programming
- ✓ Project-Based Learning
- ✓ Interfacing Sensors with Arduino

WAJITH.B demonstrated a strong understanding of embedded systems and contributed significantly to the projects they were involved in. Their work was characterized by professionalism, dedication, and a keen interest in learning.

We wish **WAJITH.B** all the best in their future endeavors.

For **Ezone**
